The NAP Tracker is the only publication of its kind that tracks the Pakistani state's progress on all 20 points of the National Action Plan. The points are loosely divided into nine categories, with each category encompassing one or more points from the NAP.

This report is an attempt to provide an objective look at Pakistan's ongoing struggle against terrorism and extremism. It is our hope that the data contained in this publication helps civil-military leaders, lawmakers and decision makers better understand this struggle, and make informed choices in the best interests of Pakistan.
